Town Warrant

State of New Hampshire

(Deliberative Session)

To the inhabitants of the Town of Canaan, New Hampshire, who are qualified to vote in Town affairs.

First Session

The first session of the annual Town Meeting will be held on Saturday February 12th, 2000 at 9:00 AM at the Indian River School. The first session will consist of explanation, discussion, and debate of each of the following warrant articles, and will also afford voters who are present the opportunity to propose, debate, and adopt amendments to warrant articles, except those articles whose wording is prescribed by state law.

Second Session

The second session of the annual Town Meeting, to elect Town officers by official ballot and to vote on all warrant articles as they may have been amended at the first session, will be held on Tuesday March 14th, 2000 at the Canaan Fire Station. Polls for voting by official ballot at the Canaan Fire Station will open at 8:00 AM and close at 7:00 PM, unless the Town votes to keep the polls open to a later hour.

Article 1:

To vote by non-partisan ballot for the following Town Officers:

- ❑ One Selectmen for a term of three years.
- ❑ One Selectmen for a term of one year.
- ❑ One Treasurer for a term of one year.
- ❑ One Library Trustee for a term of three years.
- ❑ One Library Trustee for a term of one year.
- ❑ Two Planning Board Members for a term of three years.
- ❑ One Trustee of the Trust Funds/Cemetery Trustee for a term of three years
- ❑ One Police Chief for a term of three years.
- ❑ One Road Agent for a term of two years.
- ❑ Three Budget Committee Members for a term of three years.
- ❑ One Budget Committee member for the term of one year
- ❑ One Human Resources Officer for the term of one year.
- ❑ Moderator for the term of two years
- ❑ One Supervisor of the Checklist for a term of six years

Article 2:

To see if the Town will vote to raise and appropriate the sum of $250,000 for the purpose of the following combined project:

1. Make the existing Town Hall / Library building's ground floor and 1st floor handicap accessible for the proposed use of the Library.
2. Renovate the attached police station for the proposed use of the town offices.
3. The construction of a new town building for the proposed use of the Police Station, and FAST Squad.

To authorize the sum of $50,000 to be withdrawn from the Town Office Renovation Capital Reserve Fund which was designated for the renovation of the existing town building; the balance will come from a transfer of $200,000 from the Town's undesignated fund balance.

Explanation:

- *(This warrant article is not included in the operating budget.)*

Voted Position of the Selectmen & Budget Committee:

(Board of Selectmen does recommend by the vote of: 3 to 0 .)

(Budget Committee does recommend by the vote of: 9 to 0 .)

Article 3:

Shall the Town raise and appropriate as an operating budget, not including appropriations by special Warrant Articles, and other appropriation voted separately not included in the operating budget, the amounts set forth on the budget posted with the Warrant or as amended by vote of the first session, for the purposes set forth therein, totaling $1, 754,021? Should this article be defeated, the operating budget shall be $1, 711,866, which is the same as last year, with certain adjustments required by previous action of the Town or by law; or the Board of Selectmen may hold one special meeting, in accordance with RSA 40:13, X and XVI, to take up the issue of a revised operating budget only.

Explanation:

- *(The sum of money that is requested in this warrant article ($1,754,021) does not include any of the other money that is requested by the other Warrant Articles.)*

Voted Position of the Selectmen & Budget Committee:

(Board of Selectmen does recommend by the vote of: 3 to 0.)
(Budget Committee does recommend by the vote of: 8 to 1 .)

Article 4:

To see if the Town will vote to discontinue the position of elected road agent. If this article passes, under RSA 669:17-b the Board of Selectmen will appoint a road agent beginning in March 2001 and will continue to appoint unless a future town meeting votes to return to having an elected road agent.

Article 5:

To see if the Town will authorize the Selectmen indefinitely, or until rescinded at a future town meeting, to dispose of tax-deeded property either by public auction or by advertised sealed bids, except that the Selectmen may reconvey residential property still occupied by the former owner, to that owner, on such terms and conditions as the Selectmen deem just.

Article 6:
To see if the Town will vote to raise and appropriate the sum of $150,000 for the purpose of purchasing and constructing a new town highway garage and to authorize the sum of $79,000 to be withdrawn from the Highway Garage Capital Reserve Fund which was designated for the purpose of purchasing and constructing a new town highway garage and $18,500 to be raised by taxation; the balance will come from a transfer of $52,500 from the Town's undesignated fund balance.

Explanation:

- *(This warrant article is not included in the operating budget.)*

Voted Position of the Selectmen & Budget Committee:
(Board of Selectmen does recommend by the vote of: 3 to 0 .)
(Budget Committee does recommend by the vote of: 9 to 0)

Article 7:
To see if the Town will vote to change the current mechanic position, which is now part of the Highway Department staff, to an independent position and department, which will be entitled "Town Wide Mechanic." This person's job description will incorporate the maintenance and repair of the Town's entire fleet of vehicles and equipment. The operating budget for this position and department will follow the normal budgetary process to determine its needs.

Explanation:

- *The intentions of this warrant article is to provide all the Town's service departments a resource to better maintain and repair their vehicles and equipment at a proposed cost saving to the Town.*

Article 8:
To see if the Town will vote to establish a capital reserve fund under the provisions of RSA 35:1 for the purpose of road construction, maintenance, and repair, and to raise and appropriate the sum of $150,000 to be placed in this fund and to designate the Board of Selectmen as agents to expend this fund. The sum of $33,725 will be raised from taxation and the balance of $116,275 is to be withdrawn from the Town's undesignated fund balance.

Explanation:

- *(This warrant article is designed to provide the required funding necessary to upgrade the Town's roads on an on going basis.)*
- *(This article will provide an avenue of gradually saving for major projects and reducing the need for bonds and long-term debt.)*

(This article is not included in the operating budget.)
(Board of Selectmen does recommend by the vote of: 3 to 0)
(Budget Committee does recommend by the vote of: 9 to 0)

Article 9:
To see if the Town will vote to discontinue the Town created general fund trust known as the "Bridge Fund" pursuant to RSA 31:19-a, so that all sums contained in said fund will be transferred to the Town's general fund.

(This article is not included in the operating budget.)
(Board of Selectmen does recommend by the vote of: 3 to 0 .)
(Budget Committee does recommend by the vote of: 9 to 0)

Article 10:
To see if the Town will vote to raise and appropriate the sum of $3,000 for the purpose of hiring a professional planning organization to study the downtown area and submit a proposed plan based on their findings. The said sum of $3,000 will be withdrawn from the Town's undesignated fund balance.

Explanation:

- *(This warrant article is not included in the operating budget.)*

Voted Position of the Selectmen & Budget Committee:
(Board of Selectmen does recommend by the vote of: 3 to 0 .)
(Budget Committee does recommend by the vote of: 9 to 0)

Article 11:
To see if the Town will vote to raise and appropriate the sum of $5,000 for the purpose of installing a concrete floor for the recycling building at the transfer station and to do the necessary electrical work to make the self-contained trash compacter operable. The said sum of $5,000 will be withdrawn from the Town's undesignated fund balance.

Explanation:

- *(This warrant article is not included in the operating budget.)*

Voted Position of the Selectmen & Budget Committee:
(Board of Selectmen does recommend by the vote of: 3 to 0.)
(Budget Committee does recommend by the vote of: 9 to 0)

Article 12:
To see if the Town will vote to raise and appropriate the sum of $21,000 to be placed in the Town's Landfill Closure Capital Reserve Fund. The said sum of $21,000 will be raised by taxation.

Explanation:

- *(This warrant article is not included in the operating budget.)*

Voted Position of the Selectmen & Budget Committee:
(Board of Selectmen does recommend by the vote of: 3 to 0 .)
(Budget Committee does recommend by the vote of: 9 to 0)

Article 13:
To see if the Town will vote to adopt as a by-law the requirement that refuse by disposed of under a pay-per-bag system pursuant to RSA 149-M:17, II (a), and to authorize the Selectmen to establish the fees for this system from time to time.

Article 14:
To see if the town will vote to deposit 25% (twenty-five percent) of the revenues collected pursuant to RSA 79-A (the land use change tax) in the conservation fund in accordance with RSA 36-A:5 III as authorized by RSA 79-A25 II.

Voted Position of the Selectmen & Budget Committee:
(Board of Selectmen does recommend by the vote of: 2 to 1 .)
(Budget Committee does recommend by the vote of: 9 to 0)

Article 15:
To see if the town will vote to establish as town forests as authorized by RSA 31:110 the following parcels of land: Tax Map # 7N Lot 12- 100 acres owned by the Town of Canaan, and Tax Map # 17N Lot 60- 20 acres owned by the Town of Canaan, to authorize the conservation commission to manage the town forests under the provisions of RSA 31:112 II, and to authorize the placement of any proceeds which may accrue from said forest management in a separate forest maintenance fund, which shall be allowed to accumulate from year to year as authorized by RSA 31:113.

Article 16: (Petitioned Warrant Article)
To see if the Town will vote to raise and appropriate the sum of up to $125,000.00 to purchase a new or used Equipment/Rescue truck and related equipment, and to authorize the withdrawal of $44,000.00 from the Fire Truck Capital Reserve Fund, which is designated for purchasing of new or used fire equipment, and to authorize the balance of $81,000.00 to come from the Undesignated Fund Balance. If this Article passes, funds shall he considered non-lapsing until December 31,2001.

(This is not included in the operating budget).

Voted Position of the Selectmen & Budget Committee:
(Board of Selectmen does recommend by the vote of: 2 to 1.)
(Budget Committee does recommend by the vote of: 5 to 4)

Article 17: **(Survey Question Only)**
To see if the Town has an interest in having the Planning Board establish a minimum lot size of one acre when subdividing land.

Explanation: This is a survey question in an effort to gather the public's opinion on this issue.

INDEPENDENT AUDITOR'S REPORT

To the Board of Selectman
Town of Canaan, New Hampshire

We have audited the accompanying general purpose financial statements of the Town of Canaan, New Hampshire for the year ended December 31, 1998, as listed in the table of contents. These general purpose financial statements are the responsibility of the Town of Canaan, New Hampshire's management. Our responsibility is to express an opinion on these general purpose financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As more fully described in Note 1, the general purpose financial statements referred to above do not include the financial statements of the General Fixed Asset Account Group, which should be included to conform with generally accepted accounting principles. The amount that should be recorded in the General Fixed Asset Account Group is not known.

As described in Note 1, the Town has recognized tax revenues of $472,571 in its General Fund which were not received in cash within sixty days of year end as required by generally accepted accounting principles (GASB Interpretation 3). Town officials believe, and we concur, that the application of this accounting principle, which would result in a decrease in the undesignated General Fund balance from $961,600 to $489,029, would give a misleading impression of the Town's ability to meet its current and future obligations.

In our opinion, except for the effect on the general purpose financial statements of the omission described in the third paragraph, the general purpose financial statements referred to in the first paragraph present fairly, in all material respects, the financial position of the Town of Canaan, New Hampshire as of December 31, 1998, and the results of its operations for the year then ended in conformity with generally accepted accounting principles.

Our audit, was conducted for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the general purpose financial statements of the Town of Canaan, New Hampshire Such information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in our opinion is fairly presented in all material respects in relation to the general purpose financial statements taken as a whole.

In accordance with *Government Auditing Standards*, we have also issued our report dated March 20, 1999, on our consideration of the Town of Canaan, New Hampshire's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grants.

Board of Selectmen

In 1999 we continued our efforts to produce quality services to our citizens at a lower tax rate. We have worked very hard to make the services more efficient and cost effective, but there is still more work to be done. Judging from the past results, we believe we are on the right path and feel that if we stay to the plan we may all experience even more success at lowering the tax rate.

The Board would like to take this opportunity to thank the office staff, all the Town departments, and the various committees, Boards, and commissions that worked so hard this year to help make Canaan a better place to live. Also, a special thanks to Terri Purcell and Steve Iacuzzi for their extra efforts in making this Town Report possible.

In early 2000, Leon Kremzner passed away leaving a void on the Board and in the Town that will not be easily filled. We will miss him terribly.

Sincerely,
Edward Labrie, Chairman

Assistant to the Selectmen

1999 has been a year of refining the operation of our Town by continuing to increase the efficiency and taking advantage of every cost savings possible. I would like to congratulate the Board of Selectmen on their efforts in this direction and it is without question another giant step towards the reduction of the Town's tax rate. The effort of continuing to reduce the tax rate has been carried forward to the year 2000 by the Board of Selectmen along with an overwhelming vote of confidence by the members of the Budget Committee.

I would like to take this opportunity to thank all those citizens that unselfishly give of their time to the various committees, commissions, and boards that continue to contribute so greatly toward the operation of our Town.

I would also like to thank all the employees of our Town for all their hard work and tireless efforts that they bring to their jobs that provide the services to the citizens of Canaan. Together, volunteer, appointed, elected, and employee, we are working towards a better community. Once again, thank you one and all.

Lastly, the loss of Leon Kremzner was a shocking and sorrowful event that took place in early 2000. Leon was a true humanitarian from whom I have learned so much. It was an honor to have worked for him and I will miss him dearly.

Sincerely,
Steve Iacuzzi
Assistant to the Selectmen

CANAAN HISTORICAL SOCIETY AND MUSEUM REPORT FOR THE YEAR 1999

The 1999 season brought 318 visitors from across the country and abroad to the Museum. We opened July 3rd and closed October 16th.

On June 11th, we had 80, 4th grade students from the Canaan
Elementary School along with their teachers and volunteers. These young people were full of questions and many were delighted that they got to ring the old bell that hung in the Canaan High School.

Again this year we have added new items to the museum. We were given some wooden benches that were used in the hot lunch room in the town building. Frank Wheeler of Grafton donated several old photos of family members. Jean Ricard gave us a beautiful top hat.

The highlight of the season was Canaan Old Home Days when we opened our newly finished back room. August 7th, and 8th. that weekend alone 91 visitors signed out guest book. Our new room was turned into an art gallery by our historian who displayed several oil paintings of old Canaan Buildings. These were lent by the artist, Mike Wells of Orange. This display was a great addition to the museum and for those of you who didn't get to see them, several of these paintings are now hanging in the Mascoma Savings Bank in Canaan Village. We also have a new notebook with pictures, old letters, safe slips, report cards and other bits of interest.

Professor Russell W. Irvine of Georgia State University visited the Museum this summer and was

impressed with its contents. Professor Irvine has written a paper that has been published called, The Noyes Academy, 1834-35: The Road to Oberlin Collegiate Institute and the Higher Education of African-Americans in the Nineteenth Century . Donna Zani Dunkerton our Town Historian was recognized for her part in the report. The full history of Noyes Academy which was built next to the North Church on Canaan Street is available in the History of Canaan which we have available for sale at the museum .

We are always looking for old items of interest to the Canaan history and looking for new members.

Respectfully submitted:

Canaan Planning Board 1999 Report

The Canaan Planning Board has been quite busy during the last year of the decade. While there were only a small amount of actual subdivisions of land into smaller lots; there were many "technical" subdivisions (those that do not result in additional lots, but require the review and approval of the Planning Board nonetheless such as: boundary line adjustments, annexations, additional dwelling units on one lot, etc.)

Also, the voluntary merger, which is a mechanism for a property owner who owns two abutting lots to remove the common boundary , permanently, with the result being one lot, has been popular with some of our property owners as there may be some property tax advantages.

The Planning Board has expended a lot of time and effort with the Capital Improvement Plan, which is a guide and aid to the Budget Committee and Selectboard in preparing the next-year budget, but which also attempts to identify and address the needs of our various Town departments, properties, and buildings for a minimum of the next six years. This should be a useful tool in planning for the future both logistically and financially.

Finally, near the end of the year , the Canaan Planning Board has applied to the Selectboard to install a warrant article to see whether the Town is in favor of funding a design-planning workshop for the Village area. The event will include a walk through the downtown area with engineers, architects, and planners as well as any interested citizens. This will be followed by discussions groups who will, with the prompting of professional planners, expand their thoughts about the possibilities of the buildings, roads, properties, and sight lines of the downtown area. The Planners, engineers, and architects will listen and digest the thoughts and proposals of the assembled group and return to the Town a detailed report that synthesizes the group's thoughts and visions with their own technical and planning expertise.

Hopefully, this will provide the Town with some ideas regarding the future appearance and function of our downtown or Village area.

The Planning Board usually meets on the second and fourth Thursdays of each month at the Senior Center and invites all interested people to attend and participate.

CANAAN HISTORIC DISTRICT COMMISSION

P.O. Box 38
Canaan, New Hampshire 03741

To Our Friends and Neighbors of Canaan:

We at the Historic Board hope that all of you have a wonderful New Year. We want to welcome you to the Year 2000. As part of our preparation for ushering in the millennium we have reconstructed the board with the hopes of providing a new mission for the Town of Canaan in preserving the historic district of Canaan Street.

Our mission, and the principle mission of this Commission, is to preserve the heritage and cultural resources of Canaan Street for everyone in the community the Town of Canaan as a community resource. The Commission will act as a community board and will use written guidelines, established with the idea of conservation, to run meetings held at 7 pm on the second Monday of each month. These meetings are open to everyone, and we encourage you to come to these meetings to offer your opinions, criticisms, or encouragements. We depend on your input.

We wish you all the best of luck over the coming year.

Respectfully yours,

Canaan's Historic District Commission

Canaan Parks & Recreation Committee

1999 Year End Report

1999 was another eventful year for your Parks & Recreation Committee. The Williams Field facilities were in use from spring to late fall which, weather wise, lasted almost till Christmas. Yes, we saw parents with children at the new Dragon, which is located at the Kiddie Park in December. The parents, by the way, were sitting on the marble bench that, along with the Dragon and the Tic-Tac-Toe game, was donated by the "Let the Children Speak Foundation" in memory of Gail Dunkerton. Our thanks to the "Foundation" for these wonderful additions to our Kiddie Park.

Have you noticed the new flagpole in centerfield? It was a challenge for some of the long ball hitters in the Co-ed Softball League. No one hit it yet.

Thanks to the Canaan Lion Club, we have that beautiful new Gazebo on the "Town Common." It would be great to have some concerts there next summer.

We had another great Summer at the beach in 1999. Aren't we lucky we have such a nice place to go when it gets real hot in the Summer?

Once again we owe a debt of gratitude to Elwin Neily and friends who made sure our skating rink was ready when we were.

Look for some new things from your Parks & Recreation Committee over the next several months.

Respectfully Submitted,
Marvin Rocke, Chairman

Interim Librarian

Canaan Town Library
1999 Annual Report

Mission Statement

To assemble, preserve and administer, in organized collections, books and related educational and recreational material in order to promote and stimulate knowledge, culture, self-education, and pure enjoyment for all citizens.

1999 was a year of change for the Canaan Town Library. Marion Allen left her position in August. Amy Thurber accepted the position of Interim Librarian through December 31. On December 6 Amy Thurber was offered the position of Library Director. Also, Marty Pusy, after 26 years as a trustee, resigned at the end of October. Sue Marcoulier, was nominated and accepted as her replacement.

Changes also occurred within the library under the direction of Amy Thurber, many old, outdated magazines, newspapers and books were weeded, helping to find some much needed space. The library also gained access to storage space in the basement level of the building. After moving several bookcases and other items to that space, the Children's area was expanded.

The automation of circulation has continued throughout the year and should be in place early in the year 2000. Barcoding of all the books in the library was accomplished with the help of volunteers. The computers to run the automated system will be purchased in December.

The library continues to offer special programs to the community. The Summer Reading Program was a success

again this year, as were the Meeting House Readings. Children's Hour was re-instated, with Lauren Rogers doing the story telling.

The Library Trustees would like to gratefully acknowledge the many volunteers that help our Library continue its excellent service to the town: Ben Yamashita, Lauren Rogers, Samantha Baker, Jennie Hooker, Louise Cady, Gary Wood, and the members of the Friends of Canaan Town Library headed by Louise Kremzner.

1999 Police Report

Chief Anthony Piscopo

January 1, 2000 has come and gone and Canaan made it through. Our Y2K fears can be put to rest for a while. Though one fear or worry always seems to be replaced by another one. 1999 was another busy year for the police department. The total numbers are down from last year, which is a good thing, but the kinds of calls we had seemed to be a little more time intensive.

We have continued with having a police officer in the school. There has been some opposition to the program but the support for it is much greater. A large majority of the Teachers and Administration have seen an improvement in things. Now, don't misunderstand me. The vast majority of students in the schools are great kids. The things that those great kids do far out-shadow the actions of the others. But unfortunately the police wind up spending 85% of their time dealing with 15 percent of the people.

This year on the ballot you will once again see a warrant article for combining the renovation of the existing town hall and building of a new police station. Please look at it carefully as it is not the same article as last year. The existing building will be made handicap accessible while the selectmen's office will move into the existing Police Station. The proposed building for the police station will be built by the fire station. It is proposed for app. 3,000 sq ft. 1500 sq ft are designated as Garage space for the housing of police cruisers and the two ambulances. That leaves 1500 sq ft for Office space. Right now we are operating out of just under 1,000. There will also be an office in the building for the Fast Squad. If I can answer any questions concerning this please don't hesitate to call me.

1999 Police Report cont:

By Sergeant Tim Cohen

This year the Canaan Police Department's K-9 Unit handled 35+ calls for service. The calls included everything from public demonstrations to drug interdiction, building searches, tracks and article searches. The K-9 unit consists of Sergeant Tim Cohen, K9 Kipper (search and rescue) and K9 Carmen (general patrol). K9 Carmen received her United States Police Canine Association Certification in May of 1999. This is a national standard, which upholds Carmen's credibility in court cases.
The K9 Team has also been featured in many local media sources including the Country Chronicle and the Valley News. Many area businesses, organizations and Towns have invited our K9 team for their demonstrations and we already have many booked for the new Millennium. The K9 team received the money necessary to purchase K9 Carmen via our Wild Game Dinner. The team also received a ballistic vest for a dog from the Working Dog Foundation and various other contributions to keep the program alive.

If your organization or group would like more information or a demonstration by the K9 team, please contact Sgt. Tim Cohen at 523-7784.

"To Serve & Protect"

Report of the Conservation Commission

The Conservation Commission has been working to continue the important task of monitoring wetlands through review of Dredge and Fill Permits, monitoring properties in conservation easement, and strategizing for the future of conservation in the Town of Canaan.

With a very able-bodied and hard-working committee, we have accomplished much in the last year. Among these accomplishments is the purchase of a map highlighting wetlands, steep slopes, and protected areas. This map is available as a resource to the town and additional maps with other natural features are currently being considered for purchase in the next fiscal year. These maps will assist the commission as we embark on a multi-year project of compiling a Natural Resource Inventory. We enthusiastically invite any volunteers who would like to help in this effort.

In August, we sponsored the third annual lecture at the Meeting House on Canaan Street. Steve Taylor, the Commissioner of Agriculture for the State of New Hampshire, was the guest lecturer and he spoke about the trends toward consolidation in agriculture at the state, national, and global level, and how these trends are affecting our culture and local agricultural practices.

The commission continues to pursue conservation of critical open space in the town. This year we spent many hours discussing particular parcels with a view toward maintaining the quality of life in Canaan and also the quality of the town's natural resources. One of the several tasks of any of the state's Conservation Commissions is to assist in planning for the future. Current national and global trends in human population growth as well as the fact that New

Hampshire is currently the fastest growing state in New England combine to make this planning for the future a very important task.

Bill Roebuck resigned from the commission after nearly ten years of productive service. His knowledgeable input at meetings and hard work will be missed.

As always, the commission is happy to answer any questions or address any concerns related to conservation issues. We also invite any interested town citizens to provide their input on issues, and especially would appreciate assistance is assembling the Natural Resource Inventory.

1999 Annual Report

The year 1999 was a busy year for the Canaan Fire Dept. As of mid-December we had completed a total of 145 calls to service. Our calls to service this year ranged from calls related to weather, fires, accidents, alarm activations at schools and homes, brush fires, and mutual aid calls to neighboring towns. We have also completed a list of training classes that helps us as we respond to calls in our community. Please keep in mind that the members of the fire department who serve our community do so with a sense of pride, dedication, and a willingness to help the town. They do so in an attempt to make our town a safer place and are willing to respond to a large list of emergency situations.

1999 was the year that planned to bring a new rescue truck to the town of Canaan. We spent a tremendous amount of time designing the truck, checking with companies, and did all we thought we could to get the town a truck that would meet our needs as we responded to emergencies. Unfortunately the truck deal was not successful and we presently do not have the truck, nor have we received a full refund on our deposit. We find ourselves in the unenviable position of pursuing the return of the town's money, and having to redesign and look for another truck. To that end we have been working with the selectmen, and several truck companies to come up with another rescue truck that will be presented to you the voters at town meeting. We will be presenting this in a warrant article to be decided by you. Please be advised that we do take our present situation very seriously and hope that you will give us your support to help us obtain a new truck that can be used on our calls to service to the Canaan community.

During the year the Canaan Firefighters Association raised money through different projects that gave back almost two thousand dollars to the community. The association donated the

following: a small carbon monoxide detector, 2 composite bottles for our SCBA's, spare mask bags for the SCBA masks, a PA system amplifier firefighters' and US nags for the station, nameplates for uniforms and collar pins and a scholarship. We will continue our fund raising efforts to supplement our equipment needs.

This year the firefighters completed training in the following areas at in-state, out - of-state schools, in-house and classes at the State Fire Academy. We have also had 2 additional members cross-trained as EMT's. Among the classes taken were: basic and advanced auto extrication, EMT, SCBA training, emergency vehicle operations class, mass casualty training, DHART training in landing procedures, a firefighter safety and survival class, emergency response to terrorism for first responders, comprehensive emergency planning for schools, and tools, generator, and extrication tools.

We have been fortunate this year to purchase an emergency generator through the cooperation of the selectmen and the surplus equipment program. We will now be able to power the fire station should we lose power due to storms or other events. We have also purchased forestry hose, nozzles, wyes and hose bags through a state forestry program that allows the town to be reimbursed for 80% of the money spent on forest fire suppression equipment.

The following calls to service were made in 1999

4	Structure Fires	18	Vehicle Accidents

I would close the annual report with a thank you to all the members of the department for their time, effort and energy that they devote to the Canaan Fire Department and to the town. I greatly appreciate your efforts. I would also like to extend my thanks to their families for their patience and understanding as we the members leave many situations to respond to the call of a neighbor or stranger in need. As you can see from the yearly summary, we do so much more than just fire fighting. We can only do so by having the understanding and patience of our families, and the support and equipment from you the Canaan community.

REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

To aid your Forest Fire Warden, Fire Department and State Forest Ranger, contact your local Warden or Fire Department to find out if a permit is required before doing ANY outside burning. Fire permits are required for any open burning unless the ground is completely covered with snow where the burning will be done. Violations of RSA 227- L: 17, the fire permit law and the other burning laws of the State of New Hampshire are misdemeanors punishable by fines of up to $2,000 and/or a year in jail. Violators are also liable for all fire suppression costs.

There are eleven Forest Rangers who work for the New Hampshire Division of Forests and Lands, Forest Protection Bureau. During the 1999 season Forest Rangers were busy assisting communities with suppression of difficult and remote multi-day fires. Forest Rangers have also investigated numerous complaints regarding violations of the timber harvest and forest fire laws, and taken enforcement action to ensure compliance. If you have any questions regarding forest fire or timber harvest laws, please call our office at 271-2217.

There are 2400 Forest Fire Wardens and Deputy Forest Fire Wardens throughout the State. Each town has a Forest Fire Warden and several Deputy Wardens who assist the Forest Rangers with forest fire suppression, prevention, and law enforcement. The 1999 fire season was a challenging but safe year for wild land firefighters in New Hampshire. The severe drought conditions throughout the spring and summer months combined with residual effects of 1998 Ice Storm, resulted in a dramatic increase in wild land fires. In addition to burning in excess of 452 acres, 35 structures were also impacted by wildfire. Wild land fires in the urban interface are a serious concern for both landowners and firefighters. Homeowners can help protect their structures by maintaining adequate green space around them and making sure that houses are properly identified with street numbers.

The State of New Hampshire operates 15 fire towers, 2 mobile patrols and 3 contract aircraft patrols. This early detection and reports from citizen's aid in the quick response from local fire departments. This is a critical factor in controlling the size of wild land fires and keeping the loss of property and suppression costs as low as possible.
Please contact your local fire department before doing outside burning.
